**Drawing Birds & Butterflies to the Garden**  
by Deidre Betancourt

Deirdra is a Master Gardener. This program will include books and CD (if available) identifying birds and butterflies native to Ohio.

***Garden Tips for March***

It's time to hang up your hummingbird feeders. Feed hummingbirds a solution of one cup of sugar to 3 or 4 cups of water. Make sure to boil the water first so the sugar dissolves.

Now is a great time to transplant houseplants to a new pot. If your plants have been in the same pot for several years it's a good idea to give them fresh soil and a clean home.
