

November 18th

Swag Making for the City

November 18, 2010
6:30 pm

“How Important Trees Are In Our Lives”

by Sue Mottl, landscape arborist for the City of Stow, Ohio.

Sue is a OSU graduate of Horticulture and a educator for various garden work-shops along with the master gardener program. She will tell how to choose the best trees for use in the landscape and why we need them.

Except during the nine months before he draws his first breath, no man manages his affairs as well as a tree does. George Bernard Shaw

Mary Jean Lamberton

Goodbye dear friend.

Let us give thanks that we live in a free country, we have food on our tables, roofs over our heads and the ability to give to those less fortunate than ourselves. We ask that we continue to be so blessed and that the work of our hands makes the world a better place in which to live.
